TEACHING GEMS:

Science Conference:

Bringing Science, Students, and Schools Together

Freedom Area School District hosted the Sixth Annual Science Conference today. Freedom alumni, high school students, and middle school students presented original research as well as lessons learned in STEM career paths. Check [here](#) for more information.

Director of Teaching and Learning

FEATURES:**National School Nurse Day**

May 11 marked National School Nurse Day. We are fortunate to have two wonderful ladies working with us here at FASD. Wendy Kline and Ashley Crawford are passionate nurses with compassionate hearts. Ladies, please know how much you are appreciated, and thank you for all that you do for our students! Please take a moment to let these ladies know they are appreciated

**INFORMATION:****Free E-Books**

The Pennsylvania Department of Education recently announced the release of 350 new e-books in the online Power Library System. Power Library has nearly 20,000 ebooks available, free of charge. Many STEM titles are featured among the new releases. For a news containing more news about these resources, [click here](#). You can also go directly to the Power Library website [here](#). You will be prompted to enter a public library card number to access Power Library resources. However, if you do not have a library card, you can sign up for an e-card to have immediate access to Power Library's resources. Happy reading!

REMINDER:**UbD-Curriculum Survey**

If you haven't yet filled out the UbD-Curriculum survey, please take a few minutes to do so. The results of this survey will be used to influence plans for professional development next year. You can find the survey at [this link](#). If you have questions, please don't hesitate to reach out to me!
